

Library staff who used a Mix Box in a library program were asked to complete an evaluation of the experience. Of the 23 libraries who used a Mix Box in a program, 16 staff members completed an evaluation. From these surveys and usage data, we can see how the initial project was received and glean insight for improvement and growth in the future.

- ✓ Mix Boxes were used across the County and every single Box was used at least once.

- ✓ Library staff reported a positive experience learning about, scheduling use of, and using a Mix Box. 93.8% reported their Mix Box arrived on time as expected.

- ✓ As intended by the creation of the mobile makerspace Mix Boxes, library staff used Mix Boxes for programs for a variety of ages, and attendees largely had a positive response in the opinion of library staff.
