

TEXTILES MIX - More Program Ideas

We've suggested a few starter programs to get you inspired to use this Mix Box, but you're the programming expert so why not DIY?

Here are some ideas:

- **Sewing for grown ups:** Get 20 & 30 somethings in the door with the promise of projects that complement any bar.
 - Projects
 - Beer Koozies: <http://howtosew.com/blog/first-projects/felt-beer-koozies>
 - Coasters: <http://howtosew.com/blog/first-projects/lime-coasters>
 - Wine glass coasters:
<http://howtosew.com/blog/first-projects/wine-glass-coaster>
 - Cocktail napkins:
<http://howtosew.com/blog/first-projects/easy-christmas-cocktail-napkins>
- **Crocheting or Embroidery:** Know someone who can crochet or embroider and teach others? We'll supply the needles/hooks, you supply the knowledge.
- **Quilting:** Bring in an experience quilter to lead participants through cutting and piecing a basic square. Or go all out and have a quilting bee!
- **Mending & Tailoring:** Use the machines and hand-sewing tools to offer a free mending/tailoring drop-in session with experts on hand to help.
- **Sewing for a cause:** There are plenty of reasons to put sewing skills to work (check out Project Linus for just one example) to bring warmth and joy to the world. Get a group of experienced and new sewers together to contribute their projects to a good cause.
- **Thread & Paper:** mix textile and paper crafts for Pinterest-worthy products.
